

ALERT! DE's HB 230

This legislation will be heard and voted on in the 2024 Legislative Session in Dover. It allows for the medical experimentation, sterilization, and mutilation of children.

HB230 gives the State of Delaware “emergency jurisdiction” of a child who isn't able to obtain transgender interventions. Meaning, the state would have the authority to legally take a child from a parent who affirms the God-given identity of their child rather than bowing to the societal and cultural pressures of the day.

20 states and counting have already banned transgender interventions for children. If any children come to Delaware from those states, Delaware will also take “emergency jurisdiction” over them to make sure their “transition” (medical experimentation, sterilization, and mutilation of children) is allowed and paid for.

Truth to Stand On:

1

The first duty of medicine is to “do no harm.” As medical professionals help children to have transgender interventions, they are forever altering their hormones, mutilating their bodies, & amputating perfectly healthy body parts. Transgender interventions on minors is a lifetime of harm and not proven effective.

“But whoever causes one of these little ones who believe in Me to sin, it would be better for him if a millstone were hung around his neck, and he were drowned in the depth of the sea.” - Matthew 18:6

2

Minors cannot consent to harmful interventions, both legally and cognitively.

“Foolishness is bound up in the heart of a child; The rod of correction will drive it far from him.” - Proverbs 22:15

3

When children are struggling to embrace their biological sex, our first instinct should be compassionate care and helping them embrace their God-given body. Instead, kids are given dangerous hormones and surgery.

“I praise You, for I am fearfully and wonderfully made. Wonderful are Your works; my soul knows it very well.” - Psalm 139:14

4

Children have been given to parents by God to raise and protect. It is not the government’s job to interfere.

“And these words which I command you today shall be in your heart. You shall teach them diligently to your children, and shall talk of them when you sit in your house, when you walk by the way, when you lie down and rise up.” - Deuteronomy 6:6-7

IMPORTANT NOTE: The primary sponsor of this bill, Rep. DeShanna Neal (D-Dist.13) began to transition her autistic son to a girl when he was just 4-yr old. She fought in court for the State of Delaware to pay for the cost of his transition and won. The case was highly publicized (Nat'l Geographic 2017) and put Delaware on the map for state taxpayer funding (Medicaid) transitioning of a child.
